Calendar View

The calendar view is automatically displayed when you tick the "Display alternate dates" box. It shows a merged display of the lowest fares per combination of dates within a range of +/- 1 day from your original search date.

		Sat 22May10	Sun 23May10	Mon 24May10
Inbound				
Thu 27May10	U	SK 1500.00 SEK	U	SK 1500.00 SEK
Fri 28May10	U	SK 1500.00 SEK	N FR 283.25 SEK	U
Sat 29May10	U	SK 1500.00 SEK	U	SK 1500.00 SEK

Select preferred flight by clicking on it (one click = select, double click = display) [Back] [Display]

For each date you can compare the lowest GDS fare with the best non-GDS fare. The colour coding helps you identify the different types of fares.

P = Public fares **U** = Private fares **N** = Non-GDS / Business website fares

List of Recommendations

Flight recommendations are returned in seconds for GDS airlines. For non-GDS results, refresh the screen on the "Search other results" button. The first line contains the lowest fare by default, but you can select different sort criteria by using the black arrows on each column.

Welcome to Amadeus All Fares

Amadeus All Fares is the search and booking tool, available via Amadeus Selling Platform that enables the travel agent to search, display and book both Amadeus and non-GDS content in one single screen. This will enable the travel agent to easily offer the choice & flexibility that matches the customers' needs and preferences.

How to Start All Fares

Click on the All Fares tab in Amadeus Selling Platform navigation bar:

If the booking is already started before opening All Fares, data from a customer profile or data from a PNR is transferable automatically once All Fares is launched.

You can retrieve the input from your previous search by clicking the All Fares tab after requesting availability or schedule in the command page.

A navigation bar will indicate which step you are completing throughout the process.

Search Engines in All Fares

When the multi segment button is selected, only GDS fare types are supported. The options "Alternate airports" and "Alternate dates" are disabled.

Beat PNR Price

When you have a retrieved PNR and access to All Fares, you can benefit from the function Beat PNR Price. For a full description of the functionality, see All Fares User Guide.
