

Amadeus Fare World

Amadeus Fare World makes comparing and booking competitive air fares quick and easy.

Fare World enables you to search consolidator fares offered by some of the leading companies together with published and low cost carrier fares – all within one, easy-to-use application.

Fare World is integrated with the Amadeus Selling Platform and is instantly accessible by clicking on the relevant icon. It is also available as a standalone application for non Amadeus customers.

Getting started

Click on the Fare World icon in the Amadeus

Selling Platform.

Alternatively if you are using the Standalone version please log into the URL you have been given.

Search screen

Fare World is very easy to use and requires no training.

So let us take you on a brief tour to help you get the most from this new fare shopping solution.

Search criteria

- 1 Fly from/ Fly to - Type the airport name and it will appear in a list or click on the globe to find locations.
- 2 Radius search - Select a distance from the specified airport in the dropdown list if required (only available on Low Fare Search).

- 3 Departure date / Arrival date - Enter the information or click on the calendar icon for a calendar view.
- 4 Time window - Click on the clock icon to enter a departure time window. This is useful for same day returns.
- 5 I am flexible - Select a date range from the drop down menu if required*
- 6 Passengers - Indicate the number and type of passengers (default is 2 Adults)
- 7 Preferences

Carrier - Type the 2-letter code or click on the aircraft icon to encode the airline name, up to six can be included

Class - Specify the class of travel if required (default is Economy)

- 8 Options - Most of the options are self-explanatory but here are a few brief explanations:

Low Fare Search checks for the cheapest fares and displays which consolidator sells them. Cannot be combined with Fare Display.

Fare Display shows all fares regardless of whether they are available or not. Cannot be combined with Low Fare Search.

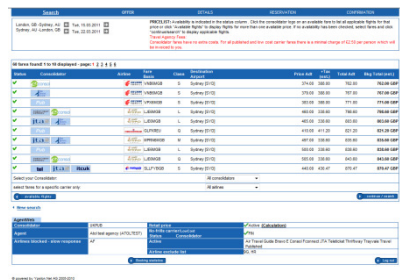

Exclude Consolidator ABC

Tick the box to exclude any consolidator you do not wish to see in the results.

Exclude Published removes published fares from the results.

Exclude Low Cost Carriers removes low cost carrier fares from the results.

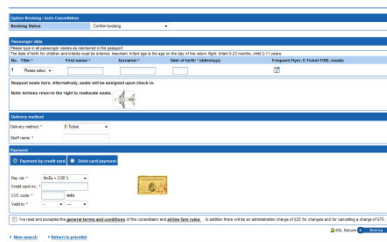

OpenJaw has the facility to book either single or double open jaw itineraries. Additionally you can incorporate stopovers on your itineraries.

From the search results, you can check flight details by clicking on the consolidator's icon.

Select the required flights and then click booking to proceed or choose another option from the display.

Option Booking / Auto Cancellation

If a consolidator permits options to be held on a fare this will appear. Please note the PNR will automatically cancel if you do not confirm the PNR before the date mentioned.

Passenger and Payment details

Review the booking details and any last date to ticket messages. Depending on the consolidator, sometimes the date of birth field is mandatory.

Passenger data

Names - Enter each passenger's title, name and date of birth as it appears on the passport.

Small plane icon - Click to add Form of Identity (FOID), Frequent Flyer or Meal requests

Seat request - Click picture of aircraft to display an interactive seat map where offered by the airline.

Delivery method

E-Ticket is the default delivery method. No other option is available.

Staff name:

Enter the booking agent's reference or name.

Payment

Enter card payment details. Alternatively if only on account appears select this.

Confirm booking

Select the Booking icon to confirm the booking. We recommend that you make a note of the booking reference because you may need it to cancel it or make changes at a later date.

After confirmation, you will receive a copy of the booking sent to your nominated Amadeus Queue only if you have Fare World in Selling Platform.

To cancel or modify a booking, please contact the relevant consolidator.

Booking statistics - Click to review your bookings

Calculation - Where permitted by the consolidator, you can add your own mark ups by clicking calculation.
