

AMADEUS VALUE PRICER

What if your agents could **match the lowest fare** with available flights in just seconds?

best fare-fast fare

What if this tool gave you the **flexibility** you need to meet all your customers' requirements?

maximum flexibility

What if the same tool was easy to learn, **easy to use** and eliminated time-consuming routine and manual searches?

raise productivity

Welcome to **Amadeus Value Pricer!**

The low-fare search and booking tool that delivers best value fares in real-time.

AMADEUS VALUE PRICER

Smart travelers demand the best available airfares. Value Pricer makes it fast and easy to give them value they expect. Start passing on the savings to your customers today.

Best fare- fast fare

Traditionally, reserving a trip meant agents scrolling through multiple availability screens and fare constructions to find a competitive deal. Now Value Pricer does the hard work for them. Automatically, it scans through thousands of possible flight and fare configurations to deliver the best booking options in seconds.

Maximum flexibility

Value Pricer is flexible enough to meet the needs of your most discerning customer. You tell Value Pricer what your customer wants, and Value Pricer will go find it. Looking for a low fare in first class? Prefer an unrestricted fare? Need to travel on a specific time? Determined to travel on a specific airline? No problem. Value Pricer will search for and find just what the traveller desires.

Raise productivity

Value Pricer offers combined availability and price-search in a single entry, saving your agents' time. Once it has guided your customer to the best deal, the agent can confirm the booking with one click.

With lengthy manual searches and redundant tasks eliminated, Value Pricer makes your agents more productive.
