

Step into the future and grow your business.

Amadeus Tours Suite is the powerful solution that helps you compete efficiently and with confidence in the leisure segment. It is the sure way to increase your revenues while expanding your offer to your customers. Amadeus, Europe's leading aggregator of leisure travel content, puts 20 years of experience at your service and is committed to your success.

Anticipate change

In a rapidly changing market, Amadeus is looking ahead, - to create solutions that help you turn challenges into opportunities.

Commissions, especially from airlines are being squeezed. Amadeus Tours Suite allows you to exploit exciting, new business opportunities delivering easy access to unrivalled leisure content. More than 200 leisure providers from 15 countries are currently distributed through the system, and the number is growing. The potential for your agency is huge. This is even more the case in Central and Eastern Europe where economic growth is strongly driving the leisure travel market. It is an exciting opportunity not to be missed.

Grow your revenues

Amadeus Tours Suite helps you increase your revenue by boosting business performance in the leisure segment. Quickly you will be able to sell these high-margin products: Tour Operators, Rail, Ferry, Travel Insurance, Charter Airlines, Low-Cost Carriers, Car Rental, Cruise, Holiday Clubs/ parks. The choice is huge. Amadeus Tours Suite delivers literally thousands of leisure travel options for your customers and of course new revenue opportunities for you.

Business-critical: increased productivity

Increase your productivity and book those high-value packages in seconds. Your agents can now let Amadeus Tours Suite do the hard work. Enjoy the benefits of less work duplication and fewer errors. Amadeus Tours Suite guided modes and assistance will help you standardise and enforce agency business practices and take advantage of intuitive work flows that allow agents to save time and reduce process cost.

Thanks to Tour Interface Record (T.I.R.) your agency will also benefit from seamless front to back office integration, streamlining your administrative processes. And that's not all. Amadeus Tours Suite also brings a direct connection to the provider's system meaning that booking information is 100% reliable so that you can make bookings and complete the sales process smoothly and quickly.

Get up to speed - fast

You no longer have to spend endless time waiting for answers on the telephone. Amadeus Tours Suite comes with a clear GUI which after initial training becomes easy to use.

Step into the future and grow your business

You have a choice

Amadeus Tours Suite comes in two versions: Firstly, Amadeus Tours Suite (integrated) forms part of the Amadeus Selling Platform, the integrated platform for business and leisure travel agencies. The more streamlined Amadeus Tours Suite (stand alone) offers pure leisure content and is available for those travel agencies that are not Amadeus subscribers or existing Amadeus subscribers who want to add extra terminals for their leisure travel consultants. The choice is yours.

Make your customers happy

Amadeus Tours Suite makes you the "expert", with a comprehensive portfolio of leisure content at your fingertips. Impress your customers with solutions to their requests in the shortest possible time and by offering them a wealth of new leisure possibilities. Quality control is built into the system and your customers are sure to be back time and time again.
