

Amadeus Cars e-Voucher

Sales & e-Commerce

It's new, it's unique to Amadeus – and your customers will love it! The Amadeus Cars e-Voucher does for car rental what the Amadeus e-Ticket has done so successfully for air travel. Your busy clients will be grateful for the time the e-Voucher can save them when it comes to car rental reservations.

The new Amadeus Cars e-Voucher adds value to your business and is available worldwide for all major rental companies: Alamo, Avis, Atesa, Europcar, Hertz, National and Sixt.

Issue a reliable value document in no time at all

You can issue Amadeus Cars e-Vouchers either as full or partial value documents. Your customers will be delighted that they no longer need to show proof of reservation at the car rental counter because there they will already have received the electronic voucher number.

Should your travellers require a written document, you can easily print an itinerary and include details of the e-Voucher.

No training needed

It's easy. You issue an Amadeus Cars e-Voucher with one very simple command: CVP/S (segment number) / ET. That's all!
