
Amadeus Selling Platform

TIPS IN THE COMMAND PAGE

GET STARTED

Fill in your sign in (e.g. 0001 AA SU). You only need to do this first time signing in to Amadeus Selling Platform.

Sign In

If you are planning to work mainly with cryptic entries in Command Page:

- 1 Click on Menu and choose Options.
- 2 Set Command Page as Default and then OK.

Go to Command Page, click on the tab or Ctrl+J.

Logon and choose Smod 3, you are already signed in, so no need for JI etc.

CUSTOMIZE THE COMMAND PAGE

To customize fonts, colours and configuration, press Ctrl+Z and the customization panel will be displayed.

Customization: Customize "Colours" and "Text"

Configuration: Number of commands in Command Recall (max 200, previous 50) and Graphical Displays: TST, Car Availability, Car List and Seat Map. Services: Speed Mode, possibility to activate/deactivate.

Please note that your customization will be removed if you delete your cookies!

SCRIPTS

You will find your office scripts under the Script Tab

Travel Information gives you easy access to Timatic , such as Visa, Health and Vaccination, and Amadeus Information Systems (AIS) through a Windows interface. 

SMART KEYS

Public Smart Keys - click on the applicable button

My Smart Keys - Ctrl+Alt+Number or letter, or just click on the applicable button

KEYBOARD SETTINGS

Line mode history	Use the scroll bar or Ctrl+page up and Ctrl+page down to move back and forth in previous screens
Split window	Use Ctrl+S to split the screen and Ctrl + F6 to go between. To work with two or more bookings in parallel, use the areas
Home	The Home button in Amadeus Selling Platform takes you to the beginning of the line, instead use RE or Alt + Arrow up or Ctrl+page up
Help	Press F1 or click on the question mark
Print PNR	To print a PNR, use WRA/RT instead of Print Screen
Change line (without sending)	To change line use Ctrl + Enter or insert commands separated by a ; or Tab
Mark several options in a list	Ctrl+ left click or press the spacebar twice (in Pro Tempo right click)
Display a command without sending to be able to add information	Shift+ left double click or Shift+ Enter (in Pro Tempo double right click)
Other	<p>Amadeus reads the whole line in Amadeus Selling Platform, to delete forwards use Ctrl+ Delete</p> <p>You can move the cursor with one mouse click</p> <p>When the cursor is thin "Insert" is activated, when the cursor is thick "Overwrite" is active</p> <p>If you move the cursor over the screen and a question mark appears, right click for detailed information.</p> <p>GGSUR, to book a ground transportation T/R: ; remove the space so that line 2 is moved up after line 1 or use copy and paste functionality</p>
Mark your latest screen for copying	Please use ctrl + shift + end instead of ctrl + A
